

Friends of Badger Park—Newsletter

July 2025

Welcome!

A lot has happened since our last Newsletter in 2024! It is time to think and share on all the achievements of our community group during this year.

We are still wanting new members to join so if you are able to meet with us (we don't meet very regularly) and help out at some of our events, we would love to hear from you. Drop us an email (friendsofbadgerpark@gmail.com), or get in touch through the Facebook page.

We are very sad with the closure of the Badger pub as it was where we used to meet and some of the events were also hosted in the pub. It is still undecided the new venue for our meetings, but this will be announced on the Facebook page.

Improvements in the Park

At Friends of Badger Park we push for continuous improvements on the park to make the most of this space for the benefit of the community. Main achievements since last summer are described below.

- New slide

Unfortunately the slide on the park was burned due to vandalism, this caused the park to be closed until the burned slide was removed and the grass re-planted.

Thankfully the slide was finally replaced and installed in May 2025 ready to have some fun in summer!

- Path

Friends of Badger Park proposed to do a walk path between Brockwell Lane and Newbold Back lane. We found lots of support in the community to go ahead with the proposal and the path was finally installed in March 2025.

Park with new Slide

Get in touch if you want to help in any way: friendsofbadgerpark@gmail.com

Community events

We like to organize events to bring the community together, all funds raised (if any) are for improvements in the Park or future events.

- Colour Run 2024

Our popular Colour Run took place once more in July 2024.

A very sunny afternoon with lots of games and entertainment for the whole family...with lots of colours!!!

- Creepy Crafts 2024

A Halloween event hosted in the Badger pub where we had lots of creepy crafts for kids while parents could enjoy a nice drink.

Incredibly busy afternoon for us and also for the Badger pub. We couldn't have done it without their support.

Lots of spooky crafts done in that day with a pumpkin competition.

- Easter Crafts 2025

Another event hosted in the Badger pub with lots of easter crafts. Not as scary as the Halloween crafts, but lovely, nice and fluffy crafts this time.

Our volunteers and the kids involved proved to have great creativity.

We had a lovely weather, so there was the chance to go outdoors after a few crafts!

2025—the mission continues Not be to deterred though, the community group is stronger than ever and continue to plan events, fundraise and help to create a fabulous community space for everyone.

Our ongoing plans include getting some noticeboards in place.

If you have any suggestions for either an improvement in the park or an event, get in touch either by email (friendsofbadgerpark@gmail.com), or through the Facebook page.
